SIMSG ISSMGE

Bucharest, Romania

Professor Jean-Louis Briaud is President of ISSMGE, the International Society for Soil Mechanics and Geotechnical Engineering and Buchanan Chair Professor at Texas A&M University. He recently travelled to Bucharest, Romania (6-8 Sept 2011) to visit with geotechnical engineers and to give two lectures; one on "Behavior of Two Large Mats under high Loads" and one on "EXCAVATION SUPPORT USING DEEP SOIL MIXING". The event was organized by Professor Iacint Manoliu, President of the Romanian Society for Soil Mechanics and Geotechnical Engineering, with the help of Professor Nicoleta Radulescu, Secretary of the Society. In Bucharest, he also visited the Technical University of Civil Engineering (Head of Dpt. Professor Sanda Manea), the construction site of a major church, and the Parliament of Romania thanks to the kind help of Deputy Cristian Adomnitei.
